

This is my family:

one, two, three, four.

Me, my mother, my father and my baby brother.

Three people are hiding
behind that door ...

**My sister,
my grandmother
and my grandfather too.
Does that make ten?**

I'm not that good
at counting.

Can you help me
count again?

One, two, three, four,
five, six, seven.

These are my pets:

a hamster, a goldfish, a dog and a cat.

My rabbit can't find her carrots.

Look, she's feeling a bit sad.
